

BlackBerry Pearl 8100
small, smart, stylish –
so you can live large.

BlackBerry Pearl – for people who always like being on top of things and love to do things on time.

Features

-  **e-mail & text messaging (SMS and MMS):**
With the amazing push technology get your messages as soon as they come in, so that you don't miss out on any action while you are away. Plus, effortlessly manage multiple e-mail accounts. With the advantage of group messaging function, you don't need to send multiple e-mails to your work group anymore.
-  **Phone:**
With advanced features like activated voice dialling, Bluetooth support, built-in speakerphone & voicemail attachment playback, it's a phone for the smarter you.
-  **Camera:**
With a 1.3 megapixel camera, a built-in flash & digital zoom, capture and share precious moments right away via e-mail, MMS or BlackBerry Messenger.
-  **Instant Messaging (IM):**
The BlackBerry 8100 supports popular communities such as Yahoo Messenger and Google Talk.
-  **Organiser:**
Stay organised and on top of the day with calendar, memo pad and task lists. Integrated address book allows quicker access to contact information, while the desktop synchronisation function allows you to streamline your tasks efficiently.
-  **Browser:**
The intuitive Trackball navigation system with fast Ev-DO performance lets you view Internet pages in vivid colour. Also save bookmarks for one-click access to your favourite sites.
-  **Fun 'n' stuff:**
Add your own personal touch to the handset with your very own wallpapers, ringtones and other add-on applications for your entertainment.
-  **Media Player:**
Entertain yourself on the move with MP3s or watch video clips on the large, ultra-bright, high-resolution display of the handset.
-  **Expandable memory capability:**
Don't worry about storage space. With a MicroSD card, you've got the room you need for your corporate data, pictures, audio and video files, music and video transfers. Transfer files between the BlackBerry Pearl and your desktop computer in a snap.
-  **Easy navigation:**
Its next-generation user interface features a pearl-like Trackball navigation system that makes using this smartphone incredibly intuitive.

-  **Helpful set up wizard:**
You'll get to know the BlackBerry Pearl quickly. A time-saving set up tutorial walks you through the features and functions, such as e-mail set up and explains how to personalise settings so that you can make your smartphone truly your own.
-  **Voice Activated Dialing (VAD):**
With VAD, you just say the name and the BlackBerry Pearl can initiate a call with anyone in your contact list. Plus, you can use VAD along with the built-in speakerphone or with a Bluetooth headset for hands-free dialling.
-  **Fast performance:**
The BlackBerry Pearl thinks fast. Optimised for use on high-speed networks, it is ideal for quickly viewing attachments and graphics, browsing the web and running applications.
-  **SureType Keyboard Technology:**
This innovative technology learns as you use it, and allows you to quickly and accurately dial or type without the limitations of traditional phone keypads.
