BlackBerry 8703e is the best integrated e-mail and phone solution for those on the go. It's a wireless extension of your work and home, keeping you in the know almost anywhere you go.

Features:

e-mail & text messaging (SMS & MMS):

Sending and receiving e-mails from your work and personal account is just a few clicks away. You can also have your own unique BlackBerry e-mail address and manage multiple e-mail accounts with automatic updating facility. With the BlackBerry 8703e you can receive your e-mails effortlessly with push technology.

Instant Messaging (IM):

Stay connected constantly with instant messaging, as the BlackBerry 8703e supports popular communities such as Yahoo Messenger and Google Talk.

Organiser:

Stay organised and on top of the day with calendar, memo pad and task lists. Integrated address book allows quicker access to the contact information, while the desktop synchronisation function allows you to streamline your tasks efficiently.

Browser:

Experience dynamic and animated Internet experience with HTML browsing and access your favourite sites saved as bookmarks.

Tethered modem:

BlackBerry 8703e offers you another great way to stay connected - you can use your device as a tethered modem. It means you can connect your laptop to the Internet via your BlackBerry handset, virtually anytime or anywhere and the fast speeds of Reliance CDMA technology allows you to download large files in a flash.

Ev-DO support:

Ev-DO support on the handset enables faster browsing speed and quick attachment viewing capabilities. Plus, it allows BlackBerry 8703e to serve as a wireless modem for your laptop or PC.

Phone:

Has integrated call management facility with advanced features like smart dialling, conference calling, speed dial and call forwarding. Built-in speakerphone emits the finest sound quality.

Sleek, lightweight design:

The loaded BlackBerry 8703e is packaged in a thin, stylish, lightweight handset that further adds to your style quotient.

Light-sensing screen technology:

Optimises LCD screen lighting levels automatically, ideal for indoor and outdoor viewing.

Attachment viewing:

View popular graphic and document attachments such as TIFF, JPEG and GIF, Adobe PDF, Microsoft PowerPoint, Word & Excel files and many others. View PowerPoint presentations in an easy-to-use slideshow format.

Full QWERTY keyboard:

Type your e-mails and other data entries, effortlessly on the QWERTY keyboard of the handset.

BlackBerry Messenger:

Exchange text messages in real-time with other BlackBerry users via the BlackBerry Messenger.

Reliance Mobile World:

Add your own personal touch to the handset with your very own wallpapers, ringtones and other applications for your entertainment.

Media player & video streaming*:

Entertain yourself on the move with rich sound quality. Listen to MP3s or watch streaming videos in the large, ultra-bright, high-resolution display of the handset.
